2. After you've read the book, please fill out the attached sheet called "summarizing." This sheet will help you prepare to do the project. If this sheet does not work for your book, feel free to write a 7-10 sentence paragraph with the main ideas of your book. You will turn this "summarizing" sheet in to your teacher along with your project.

3. Now, pick ONE project you would like to complete to show what you learned from the book!

Project options:

1. Book poster (drawing/design): make a poster about your book. Pretend you are making the poster to share the book with others. The poster should include a picture of the cover, a short description of the book, and an image from the book that you draw yourself.
2. Letter to the author (writing by hand or typed): write a 10-15 sentence letter to the author. If you liked the book, tell the author what you liked about the book. If you didn't like the book, tell the author what he/she could have done differently to make the story more interesting.
3. Book review (writing by hand or typed): write a 10-15 sentence book review for a newspaper. Give a brief summary of the plot of the book and then explain why you did or did not like the book.
4. Children's book (writing and illustration): pretend you are retelling the story of this book for younger children. Create a 7-10 page children's book that retells the story. Every page should have at least one sentence on it and one image you have drawn yourself.
